Subject : Announcement of 2019 RCA/KAERI Introductory Training Course on Radiation Technology and its Applications

Dear National RCA Representatives,

I am pleased to inform you that the 2019 RCA/KAERI Introductory Training Course on Radiation Technology and its Applications will be held on 28 October to 8 November 2019 in Daejeon, Republic of Korea, and is now open for nominations to the Government Parties.

This training course, conducted in cooperation with Korea Atomic Energy Research Institute (KAERI), aims to introduce technical and practical knowledge regarding radiation application technology to the RCA GPs.

Upon receiving nominations from National RCA Representatives, one or two participants from each GP will be selected based on their capability to utilize the knowledge gained from the training course. In this respect, it is cordially requested that you send us the list of nominees in a priority order.

Given the time constraints for logistic arrangements, it is strongly encouraged that you send us the completed application form **no later than 21 August, 2019** to the RCARO by e-mail at evolution@rcaro.org or by fax +82 42 864 1626.

The RCARO will provide the participants with necessary expenses for their stay in Korea during the training course. Please refer to the enclosed prospectus and the RCARO website (<http://www.rcaro.org>) for detailed information.

I look forward to receiving your nominations.

Attached:

1. Prospectus
2. Nomination form

Sincerely,

Pill-Hwan Park
