Subject: 2019 RCA Expert Support Programme

Dear National RCA Representatives,

With the mandate to enhance awareness of the RCA, RCARO has been providing support for RCA experts in their activities which could contribute to promoting the RCA and its activities.

In this regard, I am pleased to announce that the nomination of appropriate candidates for 2019 RCA Expert Support Programme is now open. The Programme is to support experts who plan to participate in international/regional conferences related to nuclear science and technology during the period from January to December 2019 and present the RCA and its activities at the events through various promotional activities such as presentation and exhibition.

Successful applicants with sufficient experiences and knowledge in nuclear technology and the RCA will be supported with airfare and DSA upon their request. Please refer to the attached Guideline of the Programme for detailed information such as selection criteria and procedure.

It would be appreciated if you could nominate an expert(s) in your country for such activities and send a duly completed nomination form to the RCARO by 23 July 2018.

Thank you always for your cooperation.

Attached:

1. Guideline
2. Nomination form
3. Participation report form

Best regards,

Hai Joo Moon
Director
