

Report on Collaboration between RCA-FNCA

Collaboration in RAS6065

➤ **Strengthening the Application of Stereotactic Body Radiation Therapy to Improve Cancer Treatment (RAS6065)**

➤ **Participation in the FNCA workshop on Radiation Oncology**

**Name : Mr. Bidhu K. MOHANTI (IND, Dept. of Radiation Oncology,
Fortis Memorial Research Institute)**

Dates : Nov 4~7, 2014

Venue : Aomori Prefecture, Hirosaki, Japan

Results of Participation in FNCA WS

- **Information sharing on the multi-national clinical trials** in FNCA
 - **A country report** on the status of radiation oncology **in India** was presented by the participant for information sharing at FNCA WS. (A high incidence of cancer was acknowledged)
 - **The ongoing clinical trials** in Fortis Memorial Research Institute in India were **introduced**
- 

Future Collaboration

- **35th RCA NRM** (19-22 March 2013, Nay Pyi Taw, Myanmar)
- The FNCA noted that RCA project outcomes could be improved by considering participation in FNCA events, and asked LCCs to consider this during project design.
- **Procedure**
 - NRs** ➡ **LCCs** : communication on the benefits & due procedure
 - LCCs** ➡ **Work Plan** : put it in work plan at project design, MTGs
 - LCCs or NPCs** ➡ **Participation in FNCA events** : by RCA project fund
