2. The draft work plan should be negotiated and agreed between the members of SAC and the DIR-RCARO and presented to the NRM.
3. An annual work plan should be agreed upon **by 1 February** with finalized PIs and targets/milestones for each aspect of activities therein.

Actions Taken

Subject to the 'Procedures for Evaluation of the Performance of DIR-RCARO' adopted by the 35th GCM in Vienna in September 2006, DIR-RCARO submitted RCARO 2007 Work Plan with targets, milestones and performance indicators (PIs) for each activities to the SAC on 20 December 2006 for their consideration.

The 2007 Work Plan has to be agreed upon by the SAC by 1 February 2007. Since there were no comments and views on the 2007 Work Plan by the due time, it is assumed that the 2007 Work Plan has been agreed upon by the SAC.

* On 27 February 2007, AUL commented some issues regarding the work plan which may need to be discussed at the 4th SAC meeting. The AUL's views are attached as # 2.
