AS PER ATTACHED SHEET

**Reference: C1-RAS-5.055-9005-01**

**Subject: C1-RAS-5.055-9005-01 IAEA/RCA Workshop on the Establishment and Maintenance of the Databases of Compound Specific Stable Isotopes (CSSI) and Fallout Radionuclides (FRN) Data of the Region, Kathmandu, Nepal, 2 - 6 June 2014**

**Dear National RCA Representatives**

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing this meeting under the Technical Cooperation Regional Project RAS-5.055, "Improving Soil Fertility, Land Productivity and Land Degradation Mitigation".

The purpose of the meeting is to formulate the establishment and maintenance of data base of compound specific stable isotopes (CSSI) and fallout radionuclides (FRN) data of the region.

The workshop is open to one participant each from IAEA Member States in the Asia and Pacific region that are participating in the IAEA/RCA Project RAS-5.055, and will directly contribute to the project on the use of soil Fallout Radionuclides (FRN) and compound specific stable isotope (CSSI) techniques to assess and apportion the sources of soil erosion in landscapes and to identify hot spots of land degradation at a landscape level for effective soil conservation measures. The workshop is addressed to the project counterparts who are directly involved in the generation and interpretation of soil FRN and CSSI data.

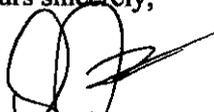

Further details on the technical and administrative aspects of the workshop can be found in the attached Information Sheet.

We would appreciate receiving the nominations for participation from the Member States participating in this project **by 21 April 2014**. The nominations must be submitted on the standard IAEA nomination form for Meeting Participants (copy attached).

Please be advised that **we will not be able to accept late nominations** or replacements of participants **after the closing date** for nominations.

I look forward to receiving your early response.

Yours sincerely,

Oscar Acuña,  
Section Head, TCAP 1  
Division for Asia and the Pacific  
Department of Technical Cooperation
