Subject: IAEA/RCA Training Course on 3D Image-Guided Brachytherapy for Cervical Cancer (Advanced Course), 29 September - 3 October 2014, Saitama, Japan

Dear National RCA Representatives,

In accordance with the IAEA/RCA regional activities organized under the TC regional project RAS/6/062 "*Supporting 3 D Image-Guided Brachytherapy Services*", the International Atomic Energy Agency in cooperation with the Government of Japan through the Saitama Medical University International Medical Center will be conducting a **Training Course on 3D Image-Guided Brachytherapy for Cervical Cancer, 29 September – 3 October 2014 in Saitama, Japan.**

The purpose of the course is to provide to Radiation Oncologists and Medical Physicists with a comprehensive understanding of the clinical and physics aspects of 3D IGBT of cervical cancer in order to enable safe and effective implementation or further development of a 3D IGBT program in their institutions. The participants are expected to disseminate the acquired knowledge and skills in their own countries through national training/teaching programs.

If your government wishes to participate in this training course, you are kindly requested to submit nominations of individuals from organizations enjoying the participation criteria stated in the attached *prospectus*. Kindly complete the form prescribed for this purpose (attached. Also available on the IAEA web-site:

<http://www.iaea.org/technicalcooperation/How-to-take-part/train-course/index.html>)

and submit it – along with the attached **questionnaire** - through the regular channels to the Agency before **1 August 2014**.

Kindly note that the holding of the above Training Course will be subject to the official confirmation of the Government of Japan.

Thank you for your cooperation and best regards.

Yours sincerely,

Ms Mawieh Oulabi

Programme Management Officer
Division for Asia and the Pacific
