

OPENING SESSION – 50TH RCA GCM ACTIONS ON WG MTSC RECOMMENDATIONS

ALUMANDA M. DELA ROSA

INTERIM CHAIRPERSON

50TH RCA GCM ACTIONS

- The WG to further discuss some of the Target Criteria (TC) of some of the Performance Indicators (PIs) while sticking to the current PIs for the MTS Final Review
- The online questionnaires to be fully utilized to collect the necessary data for the MTS Final Review
- The IAEA to find a solution (such as to include the condition of the nominee in the RTC prospectus) to ensure that the nominee is a National Project Team Member
- The NRs to inform the LCCs to submit updated PPFs when the National Project Team membership is modified

50TH RCA GCM ACTIONS

- The WG MTSC to consider a possible way to improve the efficiency for utilizing RRUs
- The IAEA and the NRs to instruct the LCCs to use the most updated Meeting Report Templates contained within the GOR
- The IAEA to prepare a video/e-learning material on outcome monitoring, and make sure to provide a session on outcome monitoring at the First Project Coordination Meetings so that all LCCs and NPCs understand its importance and concepts, and can include sufficient information in the report

50TH GCM ACTIONS

In addition, the Meeting endorsed the new procedure for identification of RRUs as well as the RRU qualification summary template (Annex 00 and Annex 00), and approved using the template from the 2022-2023 TC Project Cycle.

In relation to the Intellectual Property rights (IPR), the Meeting recommended the NRs review the suggested inputs to the GOR given by the IAEA OLA (Annex 00), and give their comments to the Chair of the MTSC WG by the end of September 2021.

50TH RCA GCM ACTIONS

For addressing the special needs of the new GPs, the Meeting:

- endorsed MTSC WG developing a paper with a plan for consideration how to address the special needs of the new GPs.
- recommended the NRs incorporate in the Project Designs, as appropriate, a portion of activities to cater for the needs of the new GPs.
- endorsed accepting additional project proposals that especially target the needs of new GPs at the Project Design Phase of the 2024-2025 TC Cycle.
- endorsed giving more weightage to those project designs that address the needs of the new GPs when prioritizing the project designs.

50TH RCA GCM ACTIONS

- In regards to the issue on archiving the RCA online training materials, the Meeting agreed the necessity to prepare a common platform as a repository of the RCA online training materials and endorsed utilizing the RCA e-Learning Campus to be a common platform. The Meeting recommended that IPR issues be reviewed and cleared by the IAEA and RCARO for the RCA online training materials to be uploaded on the RCA e-Learning Campus.
- The Meeting endorsed the updated Annual Work Plan 2021 of the WG MTSC (Annex 00) and holding the next meeting. The Meeting requested that the next meeting of WG MTSC further discuss on who will take the lead in conducting the final review of the RCA MTS 2018-2023.

Thank You!
