1. RCA 50th Anniversary Logo and Slogan

Selection of Logo and Slogan for the 50th Anniversary of the RCA

- Prioritization of three candidates has been done by the National RCA Representatives at the end of 2021 and **logo & slogan was selected** (available at RCA website).
- Designed to **visualize the celebration of the 50th Anniversary of the RCA in a symbol and an expression** to capture the achievements of the past fifty years and show a strong message on the expectations for the upcoming future
- The logo and slogan are to be **used in the activities for celebrating the 50th RCA Anniversary** including the publications, video, website and the exhibition.

- Use of RCA emblem as part of design
- Directly shows the **vision of the RCA** – “enhancing socio-economic wellbeing and contributing to sustainable development in the region”

Development of 50th Anniversary Video and Update of RCA Promotional Video

- The 50th Anniversary video is currently being developed. Main designs are motion-graphics with photos and interviews (LCCs and IAEA-DG). RCARO requested the GPs to provide with the visual materials to be included in the video (seven GPs). The script was reviewed by RCA experts and was finalized. Detailed contents are;
 - History of the RCA
 - Milestones of the RCA
 - Key numbers on RCA achievements
 - Achievements according to thematic sector
 - Future vision
- The RCA promotional video is currently being updated – key achievements and interviews will be updated and design of the CG / sound effects will be renewed. At the 44th RCA NRM, the RCA promotional video will be played.

MISSION

The RCA undertakes five Missions that contribute to enhancing the socioeconomic well-being and sustainable development of the region.

MILESTONES

1972	1973	1997	2002	2006	2013
Establishment of the RCA	Launch of the first regional cooperative project	Adoption of the Guidelines and Operating Rules	Establishment of the RCA Regional Office, In Daejeon, Korea	Formulation of Medium-Term Strategy	50th Anniversary and Formation of Programme Ad

The RCA has expanded its membership from 5 to 22 Government Parties over the last 50 years and has provided an effective framework for regional cooperation in the transfer of nuclear technology and in addressing the common needs of Government Parties.

From the production of agricultural products to the storing of processed food, thereby enabling people to consume safe and more nutritious food and bolstering the food import and export industry.

The RCA will continue to explore strategic and innovative ways to use nuclear technologies to address regional and global challenges.
