Subject: Announcement of 2025 RCA/UST (University of Science and Technology) Doctoral Degree or Integrated/Master's Degree Course Programme

Dear National RCA Representatives,

I am pleased to announce that the RCA/UST Doctoral Degree or Integrated/Master's Degree Course for the 2025 Spring Semester is open for application to the RCA Government Parties.

Implemented in cooperation with the University of Science and Technology (UST), the **RCA/UST Doctoral Degree or Integrated/Master's Degree Course** aims to contribute to preserving and enhancing the nuclear technology capacities of the RCA region by training students from the RCA Government Parties.

UST is a world-class science and technology graduate school jointly established by the Government-Funded Research Institutes (GFRIs) in Korea in 2004 to nurture future leaders in the fields of science and technology.

Currently 35 GFRIs provide support functioning as Campus and it's regarded as a successful model of HRD center, leveraging industry-academia-research institute cooperation.

Among others, this Programme cooperates with two Campuses of the School of Nuclear Science and Radiation, specifically at the KAERI, KIRAMS, and its majors include Radiation Science, Nuclear Science and Technology and Radiological & Medical Sciences.

* KAERI: Korea Atomic Energy Research Institute

KIRAMS: Korea Institute of Radiological & Medical Sciences

Features and benefits for students include participation in national R&D projects to develop competence in research management, use of high-tech research facilities and infrastructure, opportunity to network with experts in the nuclear field on defined tasks, and hands-on experience at Korean institutes.

In this context, I would like to kindly ask the National RCA Representatives for your cooperation in nominating appropriate candidates for this Programme.

The applicants interested in this degree Programme are requested to send **all the necessary documents**, including a **letter of recommendation** from the respective National RCA Representative, **to the UST by 18 October 2024**. Detailed information of the Programme is included in the **Guideline**, attached in this letter for your reference.

Taking this opportunity, I would like to express my sincere gratitude to you for your cooperation and support for the RCA Regional Office.

Sincerely Yours,

Dae Ki KIM
Director
RCA Regional Office
